

## DIABETES TEN CITY CHALLENGE PROGRAM

- Diabetes program that is provided as a free and voluntary benefit for City employees, spouses, dependents and retirees, diagnosed with diabetes, that have the City's medical insurance and Maxorplus prescription insurance.
- The program provides diabetes education with a diabetes specialist pharmacist.
- The program is designed to work with the patient and their current health care provider (in a collaborate process of care) to help educate, motivate and support with their own personal pharmacist coach.
- Incentive for participating in the program
  - Patients will receive free co-pays on the following medications and supplies:
    - Oral diabetic medications
    - Anti-hypertensive medications
    - Insulin
    - Diabetes Testing supplies (Meter, Test Strips, Lancets, Alcohol Swabs)
    - Insulin Pump and Supplies

To Enroll Contact: Dr. Tammy Lopez at 719-385-2261  
DTCC Program Coordinator

*\*Please note, since DTCC participants already receive an incentive for participating in the DTCC program, the program is not eligible for a HIP credit in the Reach Your Peak program.*
